The summer Term

Pre-school children will be learning about transport, our surrounding community and places that we can visit. We will continue as always to follow the children's interests as well as adding in some focus learning surrounding phonics, number and shape. At

forest school we will be looking at how the environment is changing as we enter spring, looking at growth, decay and changes over time. This will include any wildlife that we can see, as well as plants.

In the toddler room, we are welcoming some new children. We will focus on looking at transport and how we can move, climb and challenge ourselves through risky and physical play.

Much of our learning is through exploring and investigating as well as songs, music and stories. We will have sensory experiences, loose parts and role play to enhance our knowledge and skills.
