# Funfishers Newsletter May/June 2022

## **New booking, invoicing and parent communication system**

From September 2022, we will be using an app called FAMLY for all our bookings, invoicing and communications with parents. This is to streamline all of our systems and make it more efficient for parents to book their sessions and for staff and parents to liaise together.

Each family will have a log in; from this you can add sessions, view invoices, pay balances, ask questions to specific staff members, view images and videos of what your children have been doing at the setting, view accident forms, and complete personal information and permissions for their individual children as well as much more. This software app will be used for all children across the whole setting.

More updates will be sent out shortly regarding this app as parents will receive their invite to join ready to book places for September 2022.

## **Staff news**

We have had a change in staff over the last month or two.

We have welcomed a new Deputy Manager, Sonia. Some of you may recognise Sonia as she worked here as a practitioner until 2018. We are really excited to explore the future with her as part of the management team.

Unfortunately, we do have a staff member leaving us. Kaylea has decided to leave us for a nursery that is much closer to home.

I'm sure you will join us in wishing her all the best for the future.

We have also welcomed some new children into the setting after Easter, it has been lovely to see some new faces and the existing children have really helped to settle them, encouraging them to make friends and feel secure within the setting.

We love the family feel that the setting has.

## **Pushchairs**

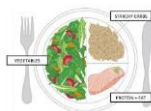

If you leave your child's pushchair in the bike sheds whilst your child attends the setting, please can we ask that you fold it down. We need to ensure that there is enough space for the bikes to fit in and don't want any pushchairs to get broken by being left in the entrance to the sheds.

Thank you for your cooperation
